independent party of native Americans, for the cause of
the country, and upon the principles as set forth in the
above preamble and these articles.

Fifth. That we will not, in any manner whatever, connect ourselves, or be connected, with any religious sect
or denomination: leaving every creed to its own strength,
and every man untrammelled in his own faith; adhering,

From Dr. M. L. Knapp, late physician to the Baltimore Dispensary, and agent for the Maryland Vaccine Institution.

BALTIMORE, MARCH 27, 1833.

Dr. JAYNE: Dear Sir: You ask me what proofs I meet with of the efficacy of you medicine. I can safely

say that I never prescribed a medicine for bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaints of children it has frequently appeared snatch the little victims, as it were, from the grave. " saved the life of my child, and of such and such a child,"
I have repeatedly heard said. In desenteric affections
of adults, I have time and again seen it act like a charm,
and give permanent relief in a few hours, I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it. Respectfully,

M. L. KNAPP, M. D. From Dr. Wm. Steeling, Physician to the Cumberland, N. J. Almshouse.

BRIDGETOWN, JULY 19, 1836. This may certify that I have used Dr. Jayne's Carmi native Balsam very extensively in bowel complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with for the relief of WILLIAM STEELING, M. D.

From Johnathan Going, D. D. late of New York, Presi dent of Granville College, Obio.

NEW YORK, MAY 20, 1837.

DR. D. JAYNE: DEAR SIR: Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the Public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine

JONATHAN GOING. From the Rev. H. K. Greene, Professor in the German

town Collegiate Institute. GERMANTOWN, APRIL 30, 1838. GERMANTOWN. APRIL 30, 1838.

Dr. JAYNE: My Dear Sir: It gives me pleasure to communicate in this manner, my favorable opinion of your Carminative Balsam. For two years it has been in almost constant use in my family. It was thus introduced: A child of five years old had been sick some five or six days with the dysentery. Calomel and other medicines had been largely administered, but without the least apparent benefit. The peculiar discharges from the bowels were unchanged in both character and frequency; the strength of the little patient could not hold. quency; the strength of the little patient could not hold out much longer. At this juncture, I was reminded by a friend of your Balsam. After a portion of caster oil, it was administered several times through the night. In the morning, the physician found the discharges essenti-ally changed; the disease was checked, nay, removed; all other medicines were discontinued, and the child was soon restored to usual health. We have ever since kept this invaluable medicine on hand, and for both adults and children have found it uniformly efficacious. We readily pronounce it the best adapted to family use of all the

proportions with which we are acquainted Hoping that the public will soon become universally acquainted with this medicine,

I remain yours, &c.
